My biggest joy is cooking Sunday Dinner for my sons and their families. I also do a great deal of reading and gardening. I have knitted and crocheted since I was about 8 years old. After retirement I took up pickle ball and Mahjong. For the last seven years I have been a volunteer at Tender Mercies and I look forward to my time cooking a meal and serving it at Dana House one night a month with four other women.

What highlights of the past 50 years would you like to share?

I have had a wonderful husband of 57 years, we have raised 4 successful sons and we have 8 wonderful grandchildren. My husband and I have had the opportunity to do a great deal of travel and we now enjoy the winter in Florida. I have enjoyed a wonderful career as a nurse. I have been involved in Nursing education at the Diploma, Baccalaureate, and Masters level. I am most gratified by the work I was involved in at Cincinnati Children's Hospital Medical Center. I had the opportunity to start a Mental Health Clinic in the Pediatric Primary Care Center (PPCC) which enabled me to provide both therapy and medication management to children receiving their primary care in the PPCC.

Please share any special memories you had at the Mount, or of you and your classmates:

Because I was an "RN to BSN" student and I was married and already had two children I was not involved in campus life. There was a large number of "RN to BSN" students enrolled in the program and I still have contact with some of them.

Who, or what, most influenced your decision to come to the Mount?

The Mount was compassionate and empathetic toward the "RN to BSN" students.

Who inspired you the most?

Dorothy Kerschner (I hope I have her name spelled right) was so helpful and so kind. She really cared about the older students who were juggling a full time job and in many cases a family in addition to the educational program. She was my guarding angel!

MARY ANN MEESIG

includes ringing the Mater Dei Chapel bells at 2:00am, raiding the 6th floor convent kitchen of tubs of ice cream late at night, short sheeting the Dean of Students bed, putting her bed mattress in her pew in the 6th floor chapel, emptying the dirty bed sheets shoot and filling the elevator with the sheets, camping out in the woods on the hillside between the Old Mount and the River., in early September after field hockey practice sneaking into the nuns outdoor swimming pool at the Old Mount for a refreshing dip. Being the proprietor of the 4 SW bar and grill (B & G) where alcoholic beverages were regularly served without having a "drinking permit". Climbing the water tower over at the Old Mount, after almost 4 years of exploring finally finding the underground "tunnel" that leads from the Old Mount to the New Mount.

What highlights of the past 50 years would you like to share?

Married Jim Hamilton March 20, 1976, in the Mount Chapel. Taught 6th grade in Ky for only 4 months before moving to Fort Wayne, IN followed by relocation to San Francisco and eventually Boston, Ma. I was not certified to teach in Massachusetts so pursued a position at the Dental Division of the Colgate Palmolive Company. Our two sons were born in MA. I continued my career with Colgate as the boys grew, and once they were out of high school accepted a position in New York managing Dental School Relations across the country. I was offered full retirement after only two years in NY. My husband's job took us to Long Island NY where we bought a home in Northport. Shortly after moving to NY, I connected with a former colleague from Colgate who offered me a position to work for a pet food company called Halo. For several years I was involved with product development and Marketing which opened the opportunity to meet Ellen DeGeneres at her home in LA. My husband and I are now back in the Boston area living on Cape Cod. I continue to dabble in the pet food Market working part-time on innovation for the Nature's Logic brand owned by Mid-America pet food in Texas. Our greatest joy is connecting with family & friends, travelling, and pursuing new interests.

I met Carol Frey in my first class in freshman year. She has become a lifelong best friend!

Who, or what, most influenced your decision to come to the Mount?

I had a Student Teacher at Taylor HS in my Speech class. She told me stories and took me to the Mt for programs.

Who inspired you the most?

The Sisters in general. I was not Catholic and so had never experienced Sisters. I became a shadow in the Community after graduation. I would hold retreats for my ladies and use the Motherhouse facilities. Eventually I became an Associate, understanding that my life was forever linked to theirs.

What highlights of the past 50 years would you like to share?

My 5 sons. I have been to Italy and Germany with concert tours, I have been to Italy on a pilgrimage with my son the Priest. I became involved as an alum in my early years on the Alumnae Board (this was pre COED), editing the Alum Cookbook "Class Cuisine", chairing so many fundraisers at MSJ. I enjoyed teaching in many different settings. I did not stay with elementary education but used all of my skills in any job I held. And I have accumulated so many friends. Getting married in Mater Dei Chapel 50 years ago this November

Please share any special memories you had at the Mount, or of you and your classmates.

I lived so close that my Mom would tell me to invite anyone home who was homesick. She loved to entertain. I remember taking a group of girls from out of town, in the big green station wagon, chuck full, since we did not need seatbelts. We walked around the city, took a look at the new baseball stadium just built. And the XU mixers, OH MY. Getting on the bus to be transported to XU and meet the guys who were in the all-male college of the city. And the trip to Notre Dame where we spent the night, visited the campus and partied. I remember having the day hop room in the basement that we painted and furnished with old chairs and a couch so we had a place to crash during the day. We gathered old paint and had a psychedelic design on the walls. I remember the Baccus room to crash as well with the dormies. I remember sneaking into a friend's room, Ruth Ann Richards to spend the night just so I could say that I slept in a dorm one night. And the Father Daughter dances were so special, so many wonderful memories, and Mom was on the committee to entertain the other Moms who came to town with their spouses. It was a parent weekend of sorts.

Who, or what, most influenced your decision to come to the Mount?

Living in Delhi, a tenth mile away, and having so many of my Seton High School friends who also were attending.
